

I wholeheartedly support San Antonio's K-LOVE which provides positive & encouraging programming for all ages. I like not having to monitor it for unwelcome content. Removing this broadcast from my area will leave my community devoid of any spiritually uplifting, calming, family value oriented station. In this day and age of violence, rage, lack of responsibility and reason, my community and so many others NEED an oasis of strength and reason, messages of reassurance, love and faith. Please make every effort to keep K-LOVE on the air. Thank you.
